GENERAL MANAGER'S MESSAGE

Dear Cherished Members,

A taste of Spring is right around the corner! I always enjoy this time of year when we can thaw our bones and emerge from the cold, dead gray of winter to pop-up and start anew. Much like the persistent, uncompromising early blooms of green, the Club is yearning towards the warm sunshine and all its golden glory. I see so many events and collaborations on the horizon that I am extremely excited for what lies ahead.

Approaching my 24th year with this incredible institution has pushed me to consider what I am most grateful for, and that is the opportunity to work with so many unique individuals who each bring a tremendous amount of talent and drive to our community. Every day, I witness the camaraderie that is a most cherished aspect of the Art Club. I hope you share in the sentiment that we are all in this situation together, and as we search for greener pastures or a taste of normalcy, I reflect on how impressively staff and committee members rose to the occasion. The loyalty everyone commits to advancing the scope and impact of our organization should not be overlooked.

I urge you all to take advantage of the many offerings that fill our March and April calendars. My team is diligently researching, planning, and dreaming of ways to keep you engaged. Whether it be attending an evening pop-up class, partaking in our curated dinners, or hosting your very own private event, there are more opportunities than ever to show your support and have a fantastic time doing so. And our community engagement programs are back on the rise! Stay tuned for announcements of another Block Party after the success during our Little Pictures season.

Cheers to the start of something new,

Seb Borges
General Manager, Providence Art Club
